BALTIMORE—WEDNESDAY, MAY 24, 1826.

## Distribution and Payment of Prizes.

We continue on the 4th page of this day's Register, the official list of the drawing of the GRAND STATE LOTTERY of MARYLAND of the 10th inst.

Since our last publication we have had the pleasure of paying the CASH, as usual at COHEN'S OFFICE, for all the Capitals, and other prizes which have yet been presented.—We omitted to mention in our last Register that the 25,000 and 10,000 dollar Capitals were divided and sold each in 3 quarters and 2 eighths—One of the 5000 dollars we divided and sold in Halves—the other was held in a whole ticket.

Of the 25,000 dollar prize, we have already paid 2 quarters, and 1 eighth—one of the Quarters was owned by an industrious mechanic of this City—the other was held by an old countryman (as he called himself) residing near Frankford, in Pennsylvania, having the misfortune of being deaf; but is now much cheered by the favor of Fortune to himself and wife, who accompanied him to town to receive their Cash—the old lady mentioned that "she did not know nothing of her old man's luck at all, until they com'd to the City"—after receiving the cash, the worthy couple drove off in their wagon, delighted with their good luck, and with anticipation of additional comforts in their declining years—the 8th was owned by a Dry Goods Merchant

Of the two quarters of the 10,000 dollars paid, one was owned by a Raftsman from Delaware County—the other by two gentlemen in Philadelphia; the Cash was paid at our Office in that city.—The 5000 dollars (whole ticket) was paid to a gentleman of New-York.—Of the other 5000 dollar prize which we sold in shares, one Half which was held by a gentleman in Smithfield, Virginia, has been presented and paid at our Office in Norfolk—the other Half we sent to Raleigh, North Carolina, and we learn was there re-sold to a gentleman of Halifax.

The minor capitals (the 1000's and 500's) were widely distributed—part in whole tickets, and part in shares.—The Holders of all prizes not yet presented, are respectfully requested to hand or send them in for payment as early as convenient.

## The "Odd" Numbers.

We understand that many persons are under the impression, that as the Capital Prize in the Grand State Lottery came out to an *Even* number, and thereby agreeably to the scheme, entitling all the even numbers to Four dollars each, that all the Odd numbers were consequently Blanks—we have therefore, to remind them, that such is not the case; it does not follow, that because the even Numbers were all prizes, that the odd ones are Blanks—a moment's perusal of the scheme will shew the contrary, as well as the examination of the list of the drawing, in which it will be seen that a very large proportion of odd Numbers drew prizes; amongst them, will be noticed many of large amount, viz: 29505 and 30439, prizes of 5000 dollars each—No. 1699—2107—3835—20645, prizes of 1000 dollars each, &c. &c.

## Certificates of Tickets.

On our 4th page will be found the rates of the Certificates of State Tickets or Shares, which we have prepared for the accommodation of Compa-

nies and Individuals, who wish to invest in that manner—This manner of investing in such various amounts, is a facility attached to the Odd and Even system only.

## Grand State Lottery, No. 7.

*Odd and Even system.* The universal approbation of this system of lottery, arises from the very small risk, there being not one Blank to a Prize; and the CERTAINTY of obtaining at least One Prize, by the purchase of two tickets or two shares, and may draw three!

THE DRAWING will take place in the city of BALTIMORE, on Wednesday, the 12th of JULY, and will be entirely completed IN ONE DAY, under the superintendence of the Commissioners appointed by the Governor and Council.

The Scheme is exceedingly brilliant. The Capital Prize of THIRTY THOUSAND DOLLARS will be a splendid independence.

Whole Tickets, \$5 00 | Quarters, . . \$1 25  
Halves, . . . . . 2 50 | Eighths, . . . . . 62½

ORDERS from any part of the United States, either by mail (post paid) or private conveyance, enclosing the cash or prize tickets in any of the lotteries, will meet the same prompt and punctual attention as if on personal application. Address to  
J. I. COHEN, JR. & BROTHERS, Baltimore.

## Congress of the United States.

CONGRESS adjourned on Sunday morning last, at day light. A proposition was made by the Senate to prolong the session till Thursday next, but the House of Representatives would not agree to it. In consequence of this refusal, it is stated that more than sixty bills, which, having been matured by the Committees of the House of Representatives, had passed that body, and more than forty bills, originated and passed by the Senate, are thus irretrievably lost.

On the day previous to adjournment of the Senate, the Vice President rose and stated that it was his intention now, having reached the last business day of the session, by withdrawing from the chair, to give to the Senate the usual opportunity of appointing a President pro tempore. Before retiring, however, he would take the occasion to return his thanks for the support and courtesy which the Chair had uniformly received, and to congratulate the Senate on the great degree of talent and patriotism that had been evinced in the body during this long and laborious session.

The Senate then adjourned to 6 o'clock, P. M.

**EVENING SESSION.**—The Senate, at six o'clock, assembled, and soon after, on motion of Mr. Noble, proceeded to elect a President pro tem.

The number of balloting extended to seventeen, and were as follows:

	1	2	3	4	5	6	7	8	9	10	11	12	13	14	15	16	17
Macon,	13	13	14	15	17	16	16	16	16	19	19	19	19	19	20	20	21
Smith,	12	12	10	11	13	13	15	15	18	19	19	18	19	19	18	18	17
Harrison,	5	8	8	7	3	3	3	3	1								

These ballotings occupied about two hours. At first, and during several ballots, there were 37 Senators present; during the balloting the number increased to forty. The votes not enumerated were scattering, for different gentlemen, who received one and two votes each—among these, however, Mr. Van Buren received, at one time, as many as four votes.

Mr. Macon having, on the 17th ballot, a majority of the whole number of votes, was declared duly elected President pro tempore, of the Senate, and was conducted to the Chair by Mr. Smith, when he delivered a short address, expressive of

his thanks for the honor conferred on him, and the assurance that every exertion in his power would be used to despatch all the business as speedily as possible.

**IMPORTANT FROM EUROPE.**—Several late arrivals at New-York, bring English papers to the 21st of last month. The intelligence from GREECE, is of more than ordinary interest—MISSILONGHI has fallen, and its inhabitants without distinction of sex, or age, put to the sword.—The assault was made on the 20th March, by the Turks, having a force of 185 cannons, and 48 mortars. The majority of the garrison was killed, and the place in ruins before it surrendered. The Governor of the citadel blew it up with 2000 Turks. Upwards of 4000 Greeks were destroyed.

The President's Message to the House of Representatives, on the subject of the Panama Mission, appears in the London papers of the 17th of April.

The Duke of Devonshire was to proceed to Russia, as ambassador extraordinary at the coronation of the Emperor. At St. Petersburg the Duke of Wellington and Nicholas frequently appeared in public together.

The Royalty Theatre, in London, was destroyed by fire on the 11th of April. The theatre was principally of wood, and so rapid was the burning, that nothing was saved. It is supposed to have caught from some sparks from the scene of Mount Vesuvius, that must have lodged in the canvass work. No lives were lost, though several persons were injured.

Lord Byron, for the first time, took his seat in the House of Lords on the 10th, as the successor of his immortal kinsman.

The Hon. JOHN RANDOLPH left Philadelphia on Saturday, at noon, to embark on board the ship Alexander, lying at New Castle. An immense concourse was assembled at Chesnut street landing, to witness his departure. The great majority of the crowd consisted, however, of the most respectable people. There was, of course, no noise: but when he entered the cabin, a multitude, desirous of having a closer view of the "lion of the day," rushed after him.—He avoided gratifying their curiosity, by repairing to the ladies' cabin, the ladies making no objection.

**Automaton Chess Player.**—The New-York Statesman says that the celebrated Automaton Chess Player, who has dared the skill, ingenuity and science of all chess-players in Europe, for some 50 or 60 years, was check-mated in his own quarters, and before an assembled multitude on Monday last, by a gentleman who is a citizen of New-York, and who, by the way, is considered a very skillful player of this scientific game. As usual, it was the conclusion of a game. The pieces were set as follows, and the gentleman was desired to make his election. On one side, a queen, knight, and four pawns. On the other, a castle, bishop, knight, and three pawns. The gentleman took the latter, which chess-players say was the worst side, and in eight moves he check-mated the Automaton.

[We understand that the gentleman mentioned above, is Mr. Weeks, the proprietor of the City Hotel.]

**Notice to Postmasters and Agents. TICKETS** in the new scheme of the Grand State Lottery, being at Five Dollars, enables us to allow the same liberal commission as in the last lottery. Orders as heretofore will meet our accustomed prompt attention. Be particular in directing to

J. I. COHEN, JR. & BROTHERS,  
Baltimore.

**Certificates of Tickets & Shares.**

The superior advantages of the *Odd and Even System* is every day more apparent by the great and increasing demand for Tickets in the **GRAND STATE LOTTERY** of Maryland, which is arranged on this principle.

For the accommodation of companies and individuals, who may not wish to advance the whole amount of the cost of tickets, but only to pay the difference between that sum and what the tickets must necessarily draw, we have prepared **CERTIFICATES** for that purpose, and adventurers can be supplied with them for any number of tickets from two upwards, at the following rates:—(the *Odd and Even System* is the only one in which they can be so prepared.)

**WHOLE TICKETS:**

Certificate for Two whole tickets	-	\$6 60
Do. for Four whole tickets	-	13 20
Do. for Six whole tickets	-	19 80
Do. for Eight whole tickets	-	26 40
Do. for Ten whole tickets	-	33 00

And in the same proportion for any quantity of whole tickets.

**SHARE TICKETS, viz:**

Certificate for Two Halves	-	\$3 30
Do. for Four Halves	-	6 60
Do. for Six Halves	-	9 90
Do. for Eight Halves	-	13 20
Do. for Ten Halves	-	16 50

And in the same proportion for any quantity of Half tickets.

Certificate for Four Quarters	-	\$3 30
Do. for Six Quarters	-	4 95
Do. for Eight Quarters	-	6 60
Do. for Ten Quarters	-	8 25

And in the same proportion for any number of Quarters.

**For Example:**—The cost of Two Whole Tickets, (one Odd and one Even,) is Ten Dollars—one of them **MUST** draw a prize at least of Four dollars, which after deducting the 15 per cent to the State) is nett 3 dollars and 40 cents—therefore instead of paying the whole sum of 10 dollars, the adventurer need pay only 6 dollars and 60 cents—inasmuch as the two tickets which we retain, (sending him a certificate of the Nos.) must produce the remainder, say the 3 dollars and 40 cents, which would be due to us. **If the Two Tickets therefore produce more than the 3 dollars and 40 cents, the SURPLUS would be the gain to the adventurer, to whom the amount would be remitted, or paid on presentation of the Certificate.**

**ORDERS** for either Whole Tickets or Shares, or for Certificates of Whole Tickets or Shares, enclosing the Cash or Prizes in any of the Lotteries, (post paid,) will meet our accustomed prompt attention.

Address to

**J. I. COHEN Jr. & BROTHERS,**  
Baltimore.

**DIRECTION OF LETTERS.**—We beg permission to request our friends and customers residing in distant places, to be particular in directing their Letters to **J. I. COHEN, Jr. & BROTHERS**—It will thereby prevent mistakes in being sent to another Office, the name of which on paper appears similar, and to which we understand, several letters have been directed on the supposition that the name was ours.

At **COHEN'S OFFICE**, the notes of any specie paying Bank in the United States will be received at par.

**ODD AND EVEN SYSTEM**, by which the holder of two Tickets is certain of obtaining at least ONE PRIZE, and may draw THREE!—This mode of drawing is secured by Letters Patent under the Seal of the United States.

**COHEN'S OFFICE—No. 114, MARKET-STREET,**  
BALTIMORE, MAY 15th, 1826.

We have the pleasure to present to the public, the 7th scheme of the **GRAND STATE LOTTERY OF MARYLAND**—it is arranged on the *Odd and Even System*, which has again been adopted by the Commissioners appointed by the Executive of the State, in consequence of its established and unrivalled popularity. We would suggest to our distant friends the forwarding of their orders without delay, in order to prevent disappointment in procuring tickets and shares, as the demand is already very spirited, and increases every day with the popularity of the scheme.

**Grand State Lottery**

OF MARYLAND, No. 7.—Under the superintendence of the Commissioners appointed by the Governor and Council.—The whole TO BE DRAWN IN ONE DAY, and will take place in the City of BALTIMORE, on the 12th day of JULY next.

**Thirty Thousand Dollars Highest Prize.****BRILLIANT SCHEME:**

1 Prize	\$30,000	is	\$30,000
1	10,000	10,000	
2	5,000	10,000	
10	1,000	10,000

**21,054 Prizes, amounting to . \$160,000**

Prizes payable in CASH, which can be had, as usual at Cohen's Office, the moment they are Drawn.

**MODE OF DRAWING.**—The numbers will be put into one wheel as usual—and in the other wheel will be put, the prizes above the denomination of Four Dollars, and the drawing to progress in the usual manner. The 20,000 prizes of \$4 will be awarded to the odd or even numbers of the Lottery, (as the case may be,) dependent on the drawing of the Capital Prize of Thirty Thousand Dollars—that is to say, if the 30,000 dollar prize should come out to an Odd Number, then every Odd Number in the Scheme will be entitled to a \$4 prize. If the 30,000 prize should come out to an Even Number, then all the Even Numbers in the Scheme will be each entitled to a prize of \$4.

**Odd Numbers are those ending with 1, 3, 5, 7 or 9.**

**Even Numbers are those ending with 2, 4, 6, 8 or 0.**

This mode of drawing not only enables the Commissioners to complete the whole Lottery in ONE DRAWING, but has the great advantage of distributing the small prizes regularly to every alternate Number in the Scheme, so that the holder of two Tickets, or two Shares of Tickets, (one Odd and one Even Number,) will be certain of obtaining at least one prize, and in the same ratio for any greater quantity. A Ticket drawing a superior prize in this Scheme is not restricted from drawing an inferior one also; many tickets, therefore, will necessarily obtain TWO PRIZES EACH!

Whole Tickets, . \$5 00—Halves, . \$2 50—Quarters, . \$1 25—Eighths, . 62 cents.  
To be had in the greatest variety of Numbers, (Odd and Even) at

Those Numbers to which no prizes are annexed are prizes of Ten Dollars each—those ending with either 2, 4, 6, 8, or 0, being even numbers, are entitled to Four Dollars additional, being equal to Fourteen Dollars each.

All Tickets ending with 1, 3, 5, 7, or 9, and not to be found amongst the above, are Blanks.

## No. 37,320, an Even Number,

Having drawn the Capital Prize of TWENTY-FIVE THOUSAND DOLLARS, agreeably to the Scheme every Even Number in the Lottery is entitled to a prize of FOUR DOLLARS, and in addition to whatever sum any of them may have drawn besides.

All Tickets therefore, with Numbers ending with 2, 4, 6, 8, or 0, are those entitled to the \$4 Prizes.

Many Tickets, consequently, have obtained TWO PRIZES EACH! for example, No. 5332, (see list above) having drawn Twenty Dollars and being an Even Number, is entitled to a prize of 4 dollars also; therefore, No. 5332 will receive Twenty four Dollars, &c. Again, No. 25494, (see list above) having drawn a prize of Fifty Dollars, and being an Even Number, is entitled also to one of the 4 dollar prizes; consequently, No. 25494 will receive Fifty-four Dollars, and so on.
